The police of the surrounding cities have been notified, and the family have kept up an unremitting search for the missing woman, but to date not the slightest clue that would explain her whereabouts has been found.

OUR SECOND GREAT SEMI-ANNUAL CLEARANCE SALE

Begins Monday, August 12th,

And continues until every job in our house is sold. Last summer we contracted for extra advertising space in order to draw your attention to our sale; advertised a great and sweeping clean-up sale; stuck to the letter to what we advertised, and as a result had the most satisfactory Buggy Sale ever held in Maysville carrying over one buggy only. This year we do not intend to have one rig left in our repository, and are marking the vehicles at such ridiculously low prices and backing them up with such a strong guarantee, that you cannot help but buy if you are needing a rig of any kind. The case is this: We have the Vehicles and need the money; you have the money and need the Vehicles. Now is your opportunity.

We include in the sale all Buggies, Runabouts, Surreys, Phaetons and Carts in our repository. Don't you think it will pay you to investigate?

THERE must be something good in the Philippine people. They responded to TAFT. If he regarded them as children, they looked up to him as a father. They trust him more than any other American, more than all other Americans, and if the hand of God is in the thing, and this Government is to be made the divine instrument to civilize the Orient, TAFT is not only the logical nominee of the Republican party, but the logical candidate of the American people. Nobody knows what the outcome will be. Unless civilization has learned some new stunts, the sword will play the leading role in this drama. That Japan will insist in getting on the stage is as certain as that the Japanese are a warlike people. A time will come when our occupation of the Philippine Archipelago will be as intolerable to Japan as Spain's occupancy of Cuba was to the United States. However, that is meat for another generation than ours.

TAFT is a big, strong, healthy, good-natured man, but there is all the bulldog in him there is in CLEVELAND, and if he shall get the Presidency he will be President. His Akron speech and his judicial decisions, to which professional laboring men object, show the metal of the man. Both will cost him support, and it is just as certain that both will earn him even more support than they will cost him. The same may be said of the Brownsville episode.

THUMP BOXES

Made in sweat shops at so much per dozen are a poor purchase.

Stockyard Pianos

Made in the West by the mill and cut off into lengths like sausages are also very dear, no matter how low the price.

WE SELL

REAL PIANOS!

And there is positively no excuse for any one buying Thump Boxes, when we offer Real Pianos upon our easy payment plan, a plan easy enough to interest the most languid in the hottest days of August.

A MOMENTOUS EVENT

Is the purchase of a piano; occurring, as it does, only once in a lifetime, provided that purchase be a real piano.

SAFEGUARD THIS TRYING EVENT

As WE do and all elements of chance are eliminated. For instance, we have just received the largest shipment of Pianos that ever entered Maysville—21 Pianos. Upon looking this stock over you find, if you are a professional musician, their tonal qualities magnificent, their voicing superb, their cases a marvel of beautifully selected woods of expensive importation, their special designs of carvings and etchings an education in wood art, a familiar name upon the fall board, and much to your surprise and gratification learn that our prices are far lower than the manufacturer's established prices, and you readily purchase, never dreaming of the earnest, conscientious, nerve-wrecking work done by some one to obtain these marvelous values.

LISTEN—A representative of our house went to New York, and after inspecting hundreds of pianos selected these 21 superb instruments, made by an old-time manufacturer whose reputation has grown year by year until he has established

BRANCH HOUSES IN 17 FOREIGN COUNTRIES

To supply the thousands of people the world over demanding pianos with his name upon the fall board. This name means something. That something has been created by years of conscientious service, time-tested, tried and true!

THAT SOMETHING MEANS SOMETHING TO YOU

All chances have been eliminated; the thinking has all been done; all comparisons were conscientiously made in selecting these 21 beautiful Pianos out of hundreds of others.

'TIS SUCH BRAIN-RACKING WORK THAT TURNS YOUTH TO OLD AGE

However, we are pleased with the result, for do we not absolutely know that these 21 Pianos are the best that the market offers for the money? Are we not in position now to back the manufacturer's TEN-YEAR guarantee with every asset of our house?

OUR JUDICIOUS PURCHASING,

COUPLED WITH

OUR TREMENDOUS SELLING,

Admits of our taking a huge slice off of the manufacturer's price. The Piano is familiar; the price is established. An agreeable surprise awaits you in our prices.

DON'T BUY A THUMP BOX; Buy A REAL PIANO!

And buy it of a real piano house—one who goes to considerable trouble and expense to eliminate all elements of chance! Remember that your credit is always good at THE LENIENT HOUSE OF

Winter's, Maysville, Kentucky.

If Mr. TAFT shall be the Republican nominee, I predict that Mr. BRYAN will send Judge GRAY or Mr. HARMON to the slaughter.—Savoyard in Enquirer.

At a recent meeting of the Atlanta Typographical Union a resolution was adopted requesting the International Typographical organization to set aside \$500,000, to be used as a defense fund against the proposed warfare on Union labor. The National Manufacturers' Association of America has pledged itself to set aside annually \$500,000 to fight Labor Unions. This action on the part of the Typographical Association is intended to combat that of the Manufacturers' Association.

THE women are blamed again. "Ninety per cent. of the crimes of the United States is due to bad cooking," declared Dr. C. H. IRION, State Health Officer of Louisiana, in a lecture recently. "Proper food," he said, "is needed by the human body in developing the brain. A well-fed man or animal is generally happy and is not given to criminal tendencies. Every woman before she contracts an alliance should be asked if she understands how to feed children. Half-decayed fruit is the curse of the infant, and the alarming mortality can be traced to this cause. A fly walking across a can of milk can do more harm than a buzzard tramping over food on a dinner table."

A WORRIED WOMAN.

Mrs. Freak—My husband is keeping something from me, too, and I am worried because I know what it is.

Mrs. Meek—Indeed? What is it?

Mrs. Freak—It's money.

1907, at 2 o'clock in the afternoon. First speech of the campaign. Let this be another home-coming day.

Mr. Willson delivered the address on the occasion of Mason county's Home-Coming June 20th, 1906. He is a native of Maysville, and the only candidate for Governor the old county ever had.

Hon. WILLIAM H. COX

Republican candidate for Lieutenant-Governor, is also a native of this city. Let the patriotic people of Mason and adjoining counties, irrespective of party, turn out to hear "The Man From Maysville."

Captain J. B. Mooney, formerly a well-known riverman between Pittsburgh and Memphis, died this week at Evansville, Ind., at the age of 81. He was an inventor, one of his principal inventions being the swinging gang-plank in general use on all river boats today, which he patented.

The work of completing dams Nos. 3, 4 and 5 in the Upper Ohio and rearranging for a nine-foot stage is being pushed rapidly now under the supervision of Major Henry C. Newcomer and his corps of Government engineers. Every effort is being made to complete the work as far as possible this year.

The largest steamboat plying the Western rivers, the Sprague, which runs from Louisville to New Orleans, will probably be one of the attractions of the flotilla accompanying President Roosevelt and the Inland Waterways Commission, when the party leaves St. Louis after its visit on October 3d for the great convention at Memphis, Tenn. The Sprague is owned by the Monongahela River Consolidated Coal and Coke Company of Pittsburgh.

"Hurry-up" physics are usually dangerous

Physics that act quickly usually weaken the patient so much that he is left in a worse condition than before the drug was taken. Any physic that causes an unnatural bowel movement will so vitiate the intestinal muscles that they will not be able to properly perform their functions until another and stronger physic is taken. This is the danger which lies in the taking of laxative waters (which are made of salts), candied pellets and pills.

Dr. Caldwell's Syrup Pepsin

cannot be classed as a "Hurry Up" physic. It acts promptly but does so in the most natural manner. It contains considerable pepsin, the greatest of all stomach stimulants. This preparation gives great strength to the stomach, and makes it possible for the muscles which line the walls of the stomach, bowels and intestines to perform their functions without further aid or attention.

It is a pleasant remedy to take and is the most beneficial stomach preparation ever compounded.

All druggists sell Dr. Caldwell's Syrup Pepsin at 50c and \$1.00 a bottle.

Money back if it doesn't satisfy.

THEATRIUM

One long, loud laugh, in fact, a scream, is what you see at The Theatreum. "Late for Lunch" is just the beginning, and when you see "Looking for a Husband" hold your sides and laugh. If you don't think it's funny ask any one who has seen it. Open at 1 o'clock p. m.

GRAND DISPLAY

You May Watch the Stars Shoot Tonight

The August shower of meteors is due to take place tonight. It is one of the most attractive of the annual phenomena of the heavens. The display will be in the Northeast, well up toward the zenith and near the well known constellation Cassiopeia's Chair, that also resembles a huge letter W.

The astronomical name of these meteors is Perseids from the fact that each fiery streak points back to the constellation Perseus, just East of the Chair. Meteoric stones found in different parts of the world are from the Perseids more often than from any other meteoric system.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

READ THIS AND PROFIT THEREBY!

This is a trying time of the year. Many discomforts arise from the heat. The best way to be comfortable is by bathing often, at least twice daily, and by using a liberal quantity of talcum powder. By bathing often one keeps the skin clean and the pores open, thereby allowing the entire body to "breathe freely," which means perfect health.

The best soap to use for the bath and toilet is Picard's Complexion Soap, a non-injurious, healthful soap. Talcum powder keeps the skin cool, allays heat rash, stops chafing and is an excellent toilet requisite. We have a number of kinds.

WOMEN'S WOES.

Maysville Women are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. J. B. Gibson of 22 East Fourth street, Maysville, Ky., says:

"The prompt and thorough action of Doan's Kidney Pills should recommend them to everyone suffering from backache or kidney troubles. I have known the value of this remedy for several years. Its use in my case proved to me that it is a reliable kidney cure and cannot be excelled for backache or weakness of the kidneys. I have recommended Doan's Kidney Pills before and I should advise every sufferer to get a supply and try them."

For sale by all dealers. Price 50 cents a box. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
